

MICROSCOPIC PREPARATIONS OF THE NERVOUS SYSTEM.

BY JOHN J. MASON, M. D., NEWPORT, R. I.

Alligator - Anterior Enlargement of Spinal Cord
Same Animal as No. 4

PHOTO-MICROGRAPH NO. 7 Unnrow's 3 inch

PRINTED IN INK BY THE ARTOTYPE PROCESS FROM NEGATIVES TAKEN BY THE AUTHOR.

MICROSCOPIC PREPARATIONS OF THE NERVOUS SYSTEM.

BY JOHN J. MASON, M. D., NEWPORT, R. I.

Alligator. Cerebral or Posterior Enlargement. Sp. Cord.

Same Animal as no 7

PHOTO-MICROGRAPH NO. 4. Brunow's 3 inch

PRINTED IN INK BY THE ARTOTYPE PROCESS FROM NEGATIVES TAKEN BY THE AUTHOR.

MICROSCOPIC PREPARATIONS OF THE NERVOUS SYSTEM.

BY JOHN J. MASON, M. D., NEWPORT, R. I.

Rana Pipiens - Nuclei of Large Cells of Sp. Cord
from a Transverse Section through post. brachial region -

PHOTO-MICROGRAPH NO. 13. Nuclei's Immersion -

PRINTED IN INK BY THE ARTOTYPE PROCESS FROM NEGATIVES TAKEN BY THE AUTHOR.

MICROSCOPIC PREPARATIONS OF THE NERVOUS SYSTEM.

BY JOHN J. MASON, M. D., NEWPORT, R. I.

Rana Pipiens. Post. Brachial Region of the Spinal Cord.
Showing group of cells described in N. Y. Med. Journ. Dec. 1879.

PHOTO-MICROGRAPH NO. 36 - Miller Bros. 1 1/2 inch

PRINTED IN INK BY THE ARTOTYPE PROCESS FROM NEGATIVES TAKEN BY THE AUTHOR.

MICROSCOPIC PREPARATIONS OF THE NERVOUS SYSTEM.

BY JOHN J. MASON, M. D., NEWPORT, R. I.

Rana Pipiens - Group of Cells with Medium sized Nuclei.
See N.Y. Med. Journ. Dec. 1879.

PHOTO-MICROGRAPH NO. 36 *Grunow's 4/10*

PRINTED IN INK BY THE ARTOTYPE PROCESS FROM NEGATIVES TAKEN BY THE AUTHOR.
